RUSSIA WARNS PAKISTAN, CHINA & OUR SUPPORTERS MOSCOW, Dec 5: The Soviet Union declared today that it was a threat to its "security" and announced that it had warned Pakistan "with all clarity" that it must bear "the grave responsibility" for the current situation.

The Soviet Union cannot remain indifferent to the developments, also the circumstances that are taking place in direct proximity to the USSR's borders and therefore, involve the interests of its "security".

The statement also warned the Governments of all countries in the area of the conflict to stop any development which would lead to "aggravation" of the war.
