GAINS IN EAST AND WEST

From M. A. MANSURI

The enemy yesterday suffered two major debacles in Kushtia and Brahmanbaria areas in East Pakistan and lost nearly three infantry battalions and 16 PT-76 Russian tanks and some prisoners. Our troops are hardening their lines all over East Pakistan despite increasing enemy pressure. The towns of JESSORE, Comilla and Sylhet which the Indians claimed to have captured are still "with us."

In the fighting against Mig-21 supersonic interceptors of the West wing which were taunting Pakistan, our troops captured from this base. The tortured Sankar and Veeta PAF also carried out several raids on IAF bases at Ambala, Ad-Chak and Thikeli. The Indians lost two aircraft in the Chittagong sector last 24 hours—one MiG-21 shot down by ground fire in Kotli yesterday afternoon and one Canberra was grounded in Karachi early morning. The first shot down by Nanchang aircraft extensively by guns. This brings the damage to 10 aircraft and total Indian losses to 110 since the beginning of the operations.

In the air, the Pakistani Air Force continued its superiority yesterday morning by Nanchang aircraft extensively by guns. This brings the damage to 10 aircraft and total Indian losses to 110 since the beginning of the operations.
