Nurul Amin and others call on MLA

A delegation of twelve leading political leaders of East Pakistan, headed by Mr. Nurul Amin, called on Lt. General Tikka Khan, Martial Law Administrator of Zone B in Dacca Sunday afternoon says a hand-out of Martial Law Headquarters.

The delegation included Maulvi Farid Ahmad Professor Ghulam Azam, Khawaja Khairuddin, Mr. Shafiqul Islam and Maulana Nuruzzaman.

The leaders assured the Martial Law Administrator of their full cooperation in the early restoration of complete normalcy in Dacca and other parts of the Province. To that end, they offered to form Citizens Committees in Dacca to dispel unfounded fears from the minds of the people.

The East Pakistan leaders also condemned vehemently India's interference in the internal affairs of Pakistan and denounced the baseless and malicious Indian propaganda.

Welcoming the offer of co-operation from the delegation, the Martial Law Administrator spoke of the measures being taken by the Administration to resuscitate the economic life of East Pakistan. He said that everyone would have to work hard to make up for the losses caused by the recent economic inactivity.

Referring to the participation

by the civil servants in the recent "non-cooperation movement" the Martial Law Administrator said he appreciates that it was under duress that they did so. He directed those who have not yet been able to report for duty to resume their work immediately. He said he had already issued instructions that these employees should be paid salaries even for the period when they were on strike.

He also emphasised the need for the speedy rehabilitation of those dislocated as a result of the activities of the anti-state and anti-social elements. He also promised all possible government assistance in this humanitarian task.

General Tikka Khan said that there was no food shortage in the Province but he cautioned if the transportation of foodgrains was hindered by miscreants, some areas might have to face difficulties for which responsibility would rest on these elements.

He again advised the people to refuse to give quarter to such miscreants and anti-state and anti-social elements and to report their presence to the Martial Law Authorities. He reaffirmed that the Martial Law Authorities would continue to give complete protection of life and property to all peace-loving citizens.
