

Jamaat leader's call Stand united to repulse Indian aggression

Prof. Ghulam Sarwar, Ameer, Jamaat-e-Islami, Dacca has called upon the people to stand solidly united and extend unstinted to our gallant forces in repulsing Indian aggression, reports APP.

In a statement he said: "I find no language strong enough to condemn the wanton aggression committed by Brahmin imperialist India against our beloved homeland Pakistan. India's evil design of disintegrating the territorial sovereignty of Pakistan, the homeland of 12 crore Muslims, has become nakedly unveiled by her recognition to the so-called "Bangladesh."

The evil and nefarious propaganda of India based on Goebbelian falsehood must be countered effectively. No iota of doubt should remain in an one's mind regarding the heinous crime committed by India to enslave 75 million East Pakistanis under the yoke of Hindu imperialism to fulfil their beastly desire.

He added Inshallah, our people and our heroic forces will nullify India's inhuman lust of occupying our sacred homeland by inflicting a crushing defeat to be remembered for all times.

"In this connection the criminal role played by India's ally the so-called super power Russia is to be condemned in the most strongest language. This Socialist imperialist power pretending to be the benefactor of humanity at last appeared in its original colour for which she and her notorious pet stand badly exposed to the world. But, they conscience of the world could not be befooled by India and her ally the

USSR.

At this hour of national crisis everyone of us should contribute to his last in the defence of our motherland from the savage attack. Specially, the business community should come forward to the service of the nation by not resorting to profiteering through hoarding and creation of artificial shortage of daily necessities.

He appealed to the people in general and Jamaat workers in particular to donate generously to the Governor's Defence Fund.
